

J. M. Neal & Son

Breeders of

Registered Devon Cattle

We own the last and best of the Geo. R. Armstrong herd of Devons. Our breeding cows are big, rugged, heavy milkers weighing 1,200 to 1,400 lbs. in milk.

**If you want a good bull
for an outcross, write us.**

DEVON CATTLE

For thirty-six years we have bred and exhibited Devon Cattle.

We started with the best that could be bought. Since then we have introduced new blood by buying animals when we thought they were better than ours. Our aim has always been to improve our herd. Our show record at all the leading fairs in the United States will testify to the quality of our herd.

If in want of large, smooth Devons with square udders, that will give returns in the dairy and put on plenty of beef when fed for the butcher, write us or come and inspect our herd. Visitors always welcome.

We also breed Southdown sheep.
